

FFP2 MASK N95

FFP2 MASK

FFP2 NR is a fold flat disposable respirator, made with Hepac-Lite® filter technology for the lowest breathing resistance, and for less condensation build up. The compact, lightweight, latex free face mask has a built-in metal nose clip, and offers an ergonomic design, for maximum visibility, and one continuous loop strap mechanism for easy adjustment.

MASK PROTECTION

FFP2 NR offers protection from dust, metal fumes, oil, water mists and micro-organisms (bacteria and viruses). Recommended disposing after 8 hours use.
